EDUCATION

University of California, Berkeley - 2023-2025

Bachelor of Arts in Computer Science

Cumulative GPA: 3.7/4.0

Relevant Coursework: **CS61A:** Structure & Interpretation of Computer Programs (**Python, SQL**), **CS61B:** Data Structures (**Java**), **CS70:** Discrete Math and Probability, **CS188:** Intro to AI, **DATA8:** Foundations of Data Science

Diablo Valley College - 2021-2023

Bachelor of Science in Computer Science

Cumulative GPA: 3.81/4.00

- **Activities and Societies:** INDODVC, Google Developer Student Club, DVC SNES

EXPERIENCES:

INTERNSHIP at Maybank | 1 Month | Bandung, Indonesia | Summer 2022

- Maybank, a large multinational bank headquartered in Malaysia, is recognized for its comprehensive range of banking services and extensive presence in Southeast Asia.
- Assigned to the IT and business analysts team. Analyzed over 2,000,000 client data points to develop a detailed understanding of the customer base and inform strategic decisions.
- Identified key usability issues in the existing mobile app, leading to the conceptualization of a simplified 'lite' version, optimized for basic smartphones.
- Gained real exposure to working environments & developed the necessary communication skills.

Projects:

- **NGordNet:** used Java to create a database that contains data on how English has changed throughout time and outputs a visual user interface to display the timeline.
- **Build Your Own World:** used Java to design and build a 2D tile-based world exploration engine that allows the user to move about and interact with items.

LEADERSHIP & INVOLVEMENT:

INDODVC President | 1 Year | Pleasant Hill, CA | 2022-2023

- Lead the Indonesian Student Association at Diablo Valley College and create events to grow the Indonesian community.

DVC Science & Engineering Operational Manager | 1 Year | Pleasant Hill, CA | 2022-2023

- Oversee operational activities at every level of the club and ensure high-standard events.

SKILLS:

Languages: Bilingual proficiency in spoken and written English and Indonesian

Computer Skills: Programming in C++, Java, Python, Github, SQL, Regex, MATLAB, CSS, HTML, and Microsoft Suite.
